

Title Page .....	i
Letter of Transmittal .....	iii
Table of Contents.....	v
List of Figures .....	xiii
List of Tables .....	xv
List of Appendices .....	xix
Abstract.....	xxi
Acknowledgements.....	xxiii
Great Pond Volunteer Monitors and Area Representatives .....	xxv
Great Pond Citizen Advisory Committee .....	xxvii
Glossary .....	xxix
Executive Summary.....	xxxiii

## Chapters

I. INTRODUCTION.....	I-1
II. HISTORICAL DATA	
A. <u>Kingston Historic Narrative</u> .....	II-1
B. <u>Historical Development and Early Uses</u> .....	II-3
C. <u>Recreational Development</u> .....	II-5
D. <u>Historical Water Quality</u> .....	II-7
1. Water Quality Surveys .....	II-7
a. NH Fish and Game Surveys .....	II-7
b. NHDES Surveys .....	II-8
2. Volunteer Monitoring Program.....	II-9
a. pH and Acid Neutralizing Capacity (ANC) .....	II-9
b. Specific Conductance.....	II-10
c. Apparent Color.....	II-11
d. Total Phosphorus .....	II-11
e. Chlorophyll-a and Transparency .....	II-11
f. Phytoplankton.....	II-12
g. Temperature and Dissolved Oxygen .....	II-12
III. WATERSHED CHARACTERISTICS	
A. <u>Lake Morphology</u> .....	III-1
B. <u>General Hydrology and Topography</u> .....	III-3
C. <u>Climate</u> .....	III-4
D. <u>Geology</u> .....	III-6

## TABLE OF CONTENTS

	<u>Page #</u>
E.     1. Physiography.....	III-6
E.     2. Geology.....	III-6
E. <u>Soils</u> .....	III-8
F. <u>Land Cover and Land Use Regulation, General Overview</u> .....	III-13
G. <u>Wetlands</u> .....	III-15
 <b>IV. MONITORING PROGRAM, SCOPE AND METHODOLOGY</b>	
A. <u>Field Morphometry</u> .....	IV-1
1. Station Locations and Descriptions.....	IV-1
2. Lake Field Procedures.....	IV-3
3. Stream Field Procedures .....	IV-4
4. Groundwater Seepage Field Procedures .....	IV-4
5. Sediment Analysis.....	IV-5
B. <u>Laboratory Methodology</u> .....	IV-5
1. Chemical and Physical .....	IV-5
2. Biological .....	IV-5
 <b>V. WATER QUALITY</b>	
A. <u>Temperature and Dissolved Oxygen</u> .....	V-1
B. <u>pH and Acid Neutralizing Capacity (ANC)</u> .....	V-4
1. Great Pond Tributary pH.....	V-5
2. Great Pond Tributary Acid Neutralizing Capacity (ANC)....	V-7
3. Great Pond In-Lake pH .....	V-7
4. Great Pond In-Lake Acid Neutralizing Capacity (ANC) .....	V-8
C. <u>Specific Conductance</u> .....	V-13
1. Great Pond Tributary Specific Conductance.....	V-13
2. Great Pond Specific In-Lake Conductance .....	V-13
D. <u>Chloride</u> .....	V-14
1. Great Pond Tributary In-Lake Chloride .....	V-15
2. Great Pond Chloride .....	V-15
E. <u>Sulfate</u> .....	V-16
F. <u>Apparent Color</u> .....	V-16
1. Great Pond Tributary Apparent Color.....	V-16
2. Great Pond Apparent Color .....	V-17
G. <u>Total Phosphorus</u> .....	V-18
1. Great Pond Tributary Total Phosphorus .....	V-18

## TABLE OF CONTENTS

	<u>Page #</u>
H.	2. Great Pond Total Phosphorus ..... V-20
	<u>Nitrogen</u> ..... V-21
	1. Great Pond Tributary Nitrate & TKN ..... V-22
	2. Great Pond In-Lake Nitrate ..... V-23
VI.	AQUATIC ECOLOGY
A.	<u>Phytoplankton</u> ..... VI-1
B.	<u>Zooplankton</u> ..... VI-2
C.	<u>Chlorophyll-a and Transparency</u> ..... VI-4
D.	<u>Aquatic Vegetation</u> ..... VI-6
VII.	HYDROLOGIC BUDGET
A.	<u>Surface and Groundwater Hydrology</u> ..... VII-1
B.	<u>Field Monitoring Program</u> ..... VII-2
	1. Stream Gaging and Precipitation Monitoring ..... VII-2
	2. Groundwater ..... VII-5
C.	<u>Hydrologic Budget Components</u> ..... VII-9
	1. Hydrologic Budget for Study Period (1994-1995) ..... VII-9
	2. Seasonal Flow Trends ..... VII-10
	3. Tributary Flow Contributions ..... VII-14
	4. Total Annual Inflow and Outflow Budget Contributions ..... VII-16
	5. Storm Event Hydrology ..... VII-16
VIII.	PHOSPHORUS BUDGET
A.	<u>Development of Phosphorus Budgets</u> ..... VIII-1
B.	<u>Phosphorus Budget Components</u> ..... VIII-1
	1. Tributary Loading and Discharge ..... VIII-1
	2. Atmospheric ..... VIII-3
	3. Direct Surface Runoff ..... VIII-4
	4. Septic Leachate and Groundwater Loading ..... VIII-5
	a. Sanitary Survey Summary ..... VIII-7
	b. Groundwater Phosphorus Monitoring ..... VIII-8
	5. Sediment Release and Uptake ..... VIII-12
	a. Introduction ..... VIII-12
	b. Internal Phosphorus Cycling ..... VIII-13

## TABLE OF CONTENTS

	<u>Page #</u>
C. <u>Seasonal Phosphorus Contributions to Great Pond</u> .....	VIII-16
D. <u>Annual Phosphorus Budget for Great Pond (1991-1992)</u> .....	VIII-24
E. <u>Storm Event Phosphorus Loading to Great Pond</u> .....	VIII-26
 IX. BOTTOM SEDIMENT COMPOSITION	
A. <u>Introduction</u> .....	IX-1
B. <u>Chemical Characterization</u> .....	IX-2
C. <u>Sedimentation Rates and Sediment Age</u> .....	IX-3
D. <u>Sediment Metals and Phosphorus</u> .....	IX-7
1. Recoverable Aluminum .....	IX-7
2. Recoverable Cadmium.....	IX-9
3. Recoverable Copper.....	IX-9
4. Recoverable Iron .....	IX-12
5. Recoverable Lead.....	IX-12
6. Recoverable Zinc .....	IX-15
7. Recoverable Phosphorus .....	IX-15
 X. TROPHIC STATUS AND PERMISSIBLE LOADINGS	
A. <u>Introduction</u> .....	X-1
B. <u>Trophic Classification Schemes</u> .....	X-1
1. State of New Hampshire Trophic Classification System.....	X-1
2. Carlson's Trophic Index.....	X-6
3. Dillon/Rigler Permissible Loading Model .....	X-8
4. Vollenweider Phosphorus Loading and Surface Overflow .....Rate Relationship .....	X-11
C. <u>Trophic Classification Summary</u> .....	X-13
D. <u>Predicting the Capacity of a Lake for Development</u> .....	X-14
 XI. FEASIBILITY OF RESTORATIVE ACTIONS	
A. <u>Overview</u> .....	XI-1
B. <u>Problem Treatment</u> .....	XI-1
1. Algaecide Treatment .....	XI-1

## TABLE OF CONTENTS

	<u>Page #</u>
2. Artificial Circulation.....	XI-2
3. Hypolimnetic Aeration.....	XI-5
<b>C. Cause Treatment .....</b>	<b>XI-6</b>
1. Sediment Removal .....	XI-6
a. Project Costs.....	XI-8
b. Time and Cost Factors .....	XI-11
2. Phosphorus Inactivation.....	XI-12
a. Literature Review .....	XI-12
i. West Twin Lake, Kent, Ohio (Cooke et al., 1978) .....	XI-14
ii. Annabessacook Lake, Winthrop, Maine (Dominie, 1980).....	XI-15
iii. Long Lake, Kitsap County, Washington (Jacoby et al., 1982) .....	XI-15
iv. Kezar Lake, North Sutton, New Hampshire (Connor and Martin, 1989) .....	XI-16
b. Environmental Effects of Phosphorus Inactivation Treatments.....	XI-17
c. Cost Comparison for Aluminum Salts Application ..	XI-19
d. Application Feasibility for Sediment Phosphorus Inactivation .....	XI-20
3. Dilution and Flushing .....	XI-23
4. Sediment Oxidation .....	XI-24
5. Biomanipulation .....	XI-25
<b>D. Subwatershed Management .....</b>	<b>XI-26</b>
1. Introduction.....	XI-26
2. Stormwater Management and Erosion Control.....	XI-27
3. Site Specific Management of Nonpoint Sources .....in the Great Pond Watershed .....	XI-32
a. Bank Stabilization of Adirondack Shelter, Kingston State Park ...	XI-32
i. Site background and Evaluation .....	XI-32
ii. Erosion Control Best Management Practice Design.	XI-32.....
iii. Materials and Estimated Construction Costs.....	XI-37.....
b. Ball Road Erosion and Sediment BMPS .....	XI-34
i. Site Background and Evaluation.....	XI-34
ii. Stormwater Management Design.....	XI-34.....
iii. Materials and Estimated Construction Costs.....	XI-35
c. Lincoln Brook Erosion and Sediment BMPS .....	XI-38
i. Site Background and Evaluation.....	XI-38

## TABLE OF CONTENTS

	<u>Page #</u>
ii. Stormwater Management Design.....	XI-38.....
iii. Materials and Estimated Construction Costs.....	XI-40
d. Sawdust Waste management at the Cheney Mill.....	XI-40
i. Site background and Evaluation .....	XI-40
ii. Sawdust Waste Management .....	XI-41.....
iii. Materials and Estimated Construction Costs.....	XI-41
e. Kingston State Park.....	XI-41
i. Site Background and Evaluation.....	XI-41
ii. Stormwater Management Design.....	XI-41.....
iii. Materials and Estimated Construction Costs.....	XI-41
4. Zoning .....	XI-43
a. Introduction.....	XI-43
b. Environmental Characteristics Zoning.....	XI-43
c. Wetlands Zoning .....	XI-47
d. Floodplain Zoning.....	XI-55
e. Watershed Zoning .....	XI-66
f. Aquifer Zoning.....	XI-67
g. Shoreland Zoning.....	XI-79
5. Land Management and State Government.....	XI-89
a. Agriculture .....	XI-90
b. Silvicultural Activities .....	XI-91
c. Construction Practices .....	XI-93
d. Lawn Fertilizers .....	XI-97
e. Gravel Pits.....	XI-98
6. Watershed Management Summary .....	XI-98
<b>E. Artificial Phosphorus Abatement.....</b>	<b>XI-99</b>
1. General Discussion .....	XI-99
2. Great Pond Sanitary Survey Results .....	XI-101
3. Wastewater Treatment Alternatives.....	XI-102
a. No Action.....	XI-102
b. Regional Waste Treatment.....	XI-102
c. Cluster Systems.....	XI-102
i. State Water Quality Standards and Permits	XI-103
ii. Treatment Plant Design Criteria .....	XI-103
iii. Collection System and Treatment Cost.....	XI-105
d. Upgrading of Individual Systems.....	XI-108
i. Septic Tank and Leaching Field.....	XI-108
ii. Compost Toilets .....	XI-108.....

## TABLE OF CONTENTS

	<u>Page #</u>
iii. Individual Treatment and Recycle.....	XI-109.....
iv. Low Water Flush Toilets .....	XI-110.....
v. Gray Water Flow Reduction .....	XI-110.....
vi. Aerobic Wastewater Treatment Unit .....	XI-111.....
vii. Wastewater Treatment Alternatives Summary ...	XI-112.....
Handling Alternatives .....	XI-112.....
Assessment of Alternatives .....	XI-112.....
e. Septage	XI-112.....
f. Environmental	XI-112.....
i. Water Quality	XI-112.....
ii. Wetlands .....	XI-112.....
iii. Historical and Cultural Value	XI-114.....
iv. Hydrologic Impacts .....	XI-114.....
v. Air Quality .....	XI-114.....
vi. Noise .....	XI-114.....
vii. Secondary Effects.....	XI-114.....
4. State and Town Regulations for Individual Subsurface	XI-115.....
Disposal Systems .....	XI-115.....
 F. <u>Public Education</u> .....	XI-118
1. Workshop and Kiosk.....	XI-119
a. Problem and Need.....	XI-119
b. Project Purpose and Objective .....	XI-120
c. Project Plan .....	XI-120
d. Budget .....	XI-121
2. Landscaping Lakeshore Properties.....	XI-121
3. New Hampshire Volunteer Lake Assessment Program .....	XI-124
4. Interactive Lake Ecology.....	XI-124
5. Storm Drain Stenciling .....	XI-124
a. Problem and Need.....	XI-124
b. Nonpoint Sources of Pollution Categories.....	XI-125
c. Purpose.....	XI-125
d. General Project Plan .....	XI-125
e. Tasks, Schedules and Outputs.....	XI-126
f. Interagency Coordination, Roles and Responsibilities .....	XI-126
g. Public Participation.....	XI-126
h. Budget .....	XI-126
6. Street Sweeping/Storm Water Quality .....	XI-127
a. Problem and Need.....	XI-127
b. Purpose and Objective .....	XI-127
c. General Project Plan .....	XI-127

d. Tasks, Schedules and Outputs.....	XI-128
e. Interagency Coordination/Public Participation .....	XI-128
f. Measure of Performance or Success .....	XI-129
G. <u>Project Schedule and Monitoring Program</u> .....	XI-129
 BIBLIOGRAPHY .....	B-1 to B-8
 APPENDICES .....	A-1 to A-315
